

# Membership Application Form 2018

Formed in March 1998, Brighton & Hove Albion Collectors' and Historians' Society (BHACHS) is dedicated to preserving and promoting the history of the Albion, and hopes to bring together all those who are interested in every aspect of the football club's colourful past.

The Society is the main source of information on the history of the club, and is an active force in researching, recording and preserving all aspects of the Albion. It acts as archivists for Brighton & Hove Albion, and has played a major role in providing the new Albion Museum at the Amex Stadium.

The Society preserves historic items, holds quarterly meetings, stages popular Albion collectors' fair and occasional exhibitions, and publishes items of interest to all supporters, including the *Albion Programme Collectors' Guide*. Society members have access to all items and receive the quarterly – and highly regarded – Albion Chronicle. Members – around 100 in number – are encouraged to take on projects of interest.

Please enrol me as a member of the Society. I agree to abide by the Society's rules (available on request).
